VENDORS OF FATAL DRINK

Were Given a Preliminary Hearing at Westery, R. I., Today—Charged With Manslaughter.

Westery, R. I., May 6.—John Cisco, an Italian, and his wife were given a preliminary hearing today on the charge of manslaughter in selling whisky containing wood alcohol to Daniel T. Sullivan on April 12 last, from the alleged effects of which Sullivan died the following day. Cisco is alleged to have conducted a kitchen barroom for some time past in his home at White Rock, an Italian settlement near here, and it is suspected that the whisky he sold was responsible for the deaths of fourteen victims of wood alcohol poisoning in this vicinity in the month of April.

To filter the blood is the kidneys' duty.

When they fail to do this the kidneys are sick.

Backache and many kidney ills follow.

Urinary trouble, diabetes.

Doan's Kidney Pills cure them all.

Palestine people endorse our claim.

W. B. Burton, living at 302 Palmer street, Palestine, Texas, says: "My kidneys were disordered for a considerable length of time. I had to pass the kidney secretions frequently during the night, and also suffered from pains in the region of my kidneys. One day I happened to read about Doan's Kidney Pills, and deciding to try them, procured a box from the Bratton Drug Co. They helped me so much I continued their use until I had taken the contents of two boxes. At the present time I am in better health than I have been for 2 years. I have no hesitancy in saying that Doan's Kidney Pills are the best kidney remedy I ever used."

It is planned to complete the Algoma Central Railroad from Sault Ste. Marie to Josephine Junction and thence to Hobon, where it will connect with the Canadian Pacific. The extension will make available ore deposits and put the corporation in an independent position. The building of the road will also confirm the corporation's right to valuable land grants.

IMMENSE VERDICT

Returned Against Railroads in San Antonio Court.

San Antonio, Texas, May 5.—In the Forty-fifth district court of Texas, in this city, a verdict was returned against the Gulf, Colorado & Santa Fe and Atchison, Topeka & Santa Fe railroads, giving to J. P. Nelson, a contractor, damages amounting to \$75,250. The trial lasted over a week and was one of the hardest fought ever recorded here. Suit was due to the failure of the defendants to deliver on time to the plaintiff building material and implements he intended to use in the construction of a government irrigation dam across the Rio Grande near Seldon, N. M. Nelson intended to finish the work before flood time in the river, but could not do so owing to the delay occasioned through alleged negligence of the carriers. As a result he failed to complete his contract within the time allowed by the government. For this he was penalized. In defense the railroads took the stand that they did not know of the urgency of delivery and that they were ignorant of the plaintiff's contract.

Nelson demanded \$114,000 in his suit. His forfeit to the government was not taken into consideration by the court.

DISAPPEARING TARGETS

Result in Three Accidents at Leon Springs Military Reservation.

San Antonio, Texas, May 5.—So far three men have been accidentally shot as the result of the new target practice regulation recently enforced by the war department. The accidents are said to be due to the new disappearing targets which have been installed at Leon Springs military reservation; the field practice ground of Fort Sam Houston's garrison. Formerly the targets moved considerably slower and warning was given the men when they would disappear. This made it possible for them to fire with great deal of deliberation. The present system has changed all this. Not alone are the targets of various sizes and shapes but they are also liable to show up at any distance
